ROUND IT® STRAIGHTENER/REROUNDERS

FEATURES

- Take the trouble out of handling copper rolls by using Reed Round It® tools for straightening and rerounding.
- Provides the **needed leverage** to guide tube into position for fit-ups.
- Tools will quickly pay for themselves in material, labor and time savings.

Time-and-material saving **CSR2** Round It® Straightener/Rerounder handles 1 ½" and 2" K annealed copper. Grips the end of a coil so uncoiling is easy; rerounds oval tubing anywhere along its length so a cutter will track or the fitting will seal properly. Provides safe grip when flaring, and guides copper into alignment for easier fit-ups. **RCR3/4** and **RCR1** tools are especially useful when tubing is wet for a solid grip when straightening and fitting up. **RCR341** offers all the same features as both RCR1 and RCR3/4 and includes jaws for either size tubing. The long-handled RCR rerounders are beneficial when extra leverage is needed.

| Catalog No. | Item Code | Nominal Capacity | Length | | Weight | |
|----------------|--------------|---------------------|--------|-----|--------|------|
| | | | in | mm | lbs | kg |
| CSR2 | 08220 | 1 1/2" & 2" | 38 | 965 | 22.0 | 10.0 |
| RCR3/4 | 08226 | 3/4" | 18 | 457 | 4.5 | 2.0 |
| RCR1 | 08227 | 1" | 18 | 457 | 4.5 | 2.0 |
| RCR341 | 08228 | ³/4" & 1" | 18 | 457 | 5.5 | 2.5 |
