

Earthbridge DB, One Stud, Insulated Cable, Straight – DB10C501 (166490)

Earthbridges are assemblies made from a high-quality conductive earthpoint (connecting terminal) and various types of conductors. The nVent ERICO Cadweld exothermic connection process is used to combine them together, forming a highly corrosion resistant and long-lasting assembly.

- Long-lasting design
- Low ground resistance and impedance
- Superior electrical conductivity and resistance to corrosion
- Electrically and mechanically robust and reliable
- Easy to install

Part Number	DB10C501
Article Number	166490
Material	Copper
Earthpoint Type	DB, One Stud
Conductor Type	Yellow-Green Insulated Cable, Straight
Conductor Size	50 mm ² Stranded
Length (L)	1,000 mm
Diameter (Ø)	50 mm
Thread Size (TS)	M10
Certifications	Qualifoudre
Standard Packaging Quantity	1 pc
UPC	78285687172
EAN-13	3479771664907

Includes (1) brass bolt, (1) brass washer, (1) plastic cap, and (1) protective label.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.erico.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
