

# NEW!

Roxtec ComShelt -  
for cables and pipes

### **Flexible and easy to use**

The new Roxtec ComShelt entry seal kit for cables and pipes is designed for the telecom market and combines flexibility with cost-efficiency. The compression unit is integrated in the frame.

### **Compact and certified**

The frame is available in two sizes and made for bolting or riveting

onto shelters or cabinets. The seal provides protection against water, dust, insects, and rodents.

### **Multidiameter™ by Roxtec**

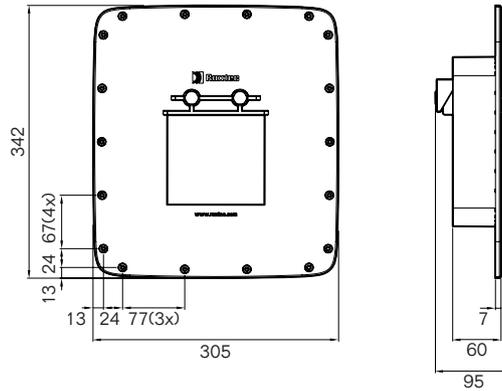

Thanks to the Roxtec technology based on sealing modules with removable layers, each module can be used to seal cables and pipes of different sizes.

### **Benefits**

- IP 55
- Integrated compression unit
- Weather proof
- Low weight composite (PA)
- Customized kit-solutions
- Adaptable to different sizes of cable

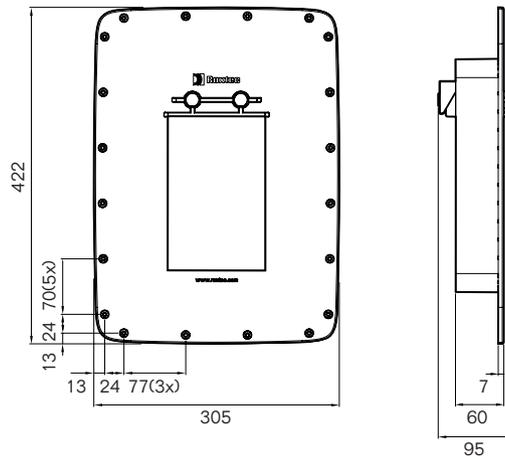

**We Seal Your World**
